

## Interactive Webinar **Fact Sheet**

**FacilitatePro** is the clear choice for *interactive* webinars that support collaborative learning.

- **Set-up** multiple meeting spaces and idea labs for the facilitation of online workshops
- **Conduct** unlimited webinars or online meetings at the same time with no restrictions on the number of participants
- **Connect** global participants in interactive learning events, same time and different time.
- **Support** virtual learning teams working collaboratively on case studies, appreciative inquiry, idea generation, action research and more.
- **Provide** 24/7 access to a shared interactive environment for pre-meeting activities such as class introductions, self assessment surveys and expectation exchange.
- **Augment** tele- and web presentations with online post-it notes and flip charts to engage all participants with live interactive brainstorming and Q&A.
- **Go beyond** brainstorming with tools for prioritizing, voting, decision making and testing.
- **Document** group responses to problem-solving and idea-generation exercises, creating valuable reference materials for students to take away.

With FacilitatePro, your webinars will:

Shift from one-way presentation to highly interactive idea generation and collaborative problem solving where everyone contributes and the instructor knows who's paying attention.

More effectively link learning to your company's organizational goals and demonstrate a return on training investment.

Extend the reach of training and learning professionals.

Link learning to on-the-job experience and practice.
